

BEEHIVE VINYL TOOLBAG WARRANTY

All Beehive Vinyl Toolbags are covered by a 2 (two) year conditional warranty from date of purchase, which covers defects in the workmanship and materials when the bag is used under normal use.

Acceptable quality is classed as being safe, durable and free from defects, is suitable in appearance and finish for the purpose it is used for and can do everything that it is generally used for or advertised to do. Where a failure does not amount to a major failure, Beehive is entitled to choose between providing you with a repair, replacement or other suitable remedy once we have received the product and assessed the age, its condition & the quality/defect issue.

Normal wear and tear, misuse, improper handling and storing, chemical exposure, overloading the bag, modifications, alterations, negligence, damage and use for a purpose other than for which the tool bag was designed for, are not covered by the Warranty. Failure to maintain the bag as per the care & maintenance instructions can void the warranty provided. Care & maintenance instructions are available for download from our website. 2 year warranties may not apply to bags manufactured to the customers own specifications using their specified materials, manufacturing methods & or design. 2 year warranty applies to Beehive Vinyl's stock toolbags.

If you feel you have a warranty claim, you must contact Beehive sales team first for assistance, either via telephone (07) 4779 9600 or 1800 635 153 or via email toolbags@beehivevinyl.com.au. They will guide you in how to make a warranty claim & ensure that the original sale date was within the 2 year warranty period. Emailing photos of a defect can assist in speeding up the assessment of your claim.

Please retain your invoice/receipt as proof of purchase and if the item has been used, ensure it is cleaned before being returned.

Warranty is provided by:

Items being claimed under warranty are to be returned to the above address.

Any costs incurred by you in returning the item will be borne by you until the item can be properly assessed by us to ascertain if a warranty claim is valid (unless other prior arrangements have been made by us to cover return of item). If it is found that the claim is valid due to a defect in workmanship or materials, we will reimburse you the freight cost for the return of the item after you provide us with a copy of the freight receipt.

We highly recommend that you arrange for item to be sent via traceable freight method that requires a signature as proof of delivery with freight insurance coverage. We cannot be responsible for the loss of or damage of returned items unless we have previously agreed to arrange for the return of the item under our own freight carrier.

Once the item is received by us we will assess the warranty claim & advise whether the claim is valid & if repair, replacement or other remedy will be used to rectify the defect. If a claim is not a valid warranty claim due to misuse, improper handling or other as mentioned above, payment for freight to return the bag to you will be at your own cost.

Sometimes there are exceptional circumstances outside the scope of our warranty; they will be viewed on a case-by-case basis.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure where the item has been used under normal use and you are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure where item has been used under normal use.

Every effort will be made to endeavour that our repairs and alterations will be made to the best of our tradesman's ability but we cannot guarantee work due to factors and conditions that fall out of our control ie: age, condition, treatment, chemical and weather exposure.
